Message from the Management

At Yess Bangla, we believe a modern Bangladesh deserves a modern enterprise group — one that combines the discipline of international business with deep local insight. Over the past several years we have built a portfolio of complementary ventures spanning software, OTT streaming, digital journalism, legal advisory, organic commerce, hosting, on-demand services and events — with satellite television, travel, food and talent brands in development — all engineered to operate to international standards while remaining rooted in the communities we serve.

Our promise to clients, partners, regulators and audiences is simple: integrity in every transaction, craft in every product, and responsibility in every public action. We invest in our people, in our technology stack and in long-term relationships because that is how durable companies are built.

Whether you are a multinational evaluating a partner in South Asia, a Bangladeshi enterprise modernising your operations, or an investor considering long-term collaboration, this document offers a faithful account of who we are, what we do, and the standards we hold ourselves to.

— The Board of Directors, Yess Bangla Private Limited

About Yess Bangla

Yess Bangla Private Limited is a Bangladesh-incorporated private company headquartered in Mirpur, Dhaka. The group operates eight active ventures and a development pipeline of five more brands spanning four strategic domains: Technology & Digital, Media & News, Commerce & Lifestyle, and Professional Services.

We design, build and operate digital products and services for enterprise clients, government bodies, broadcasters, advertisers and consumers. The group's combined infrastructure — engineering teams, broadcast facilities, editorial newsroom, cloud platform, logistics network and event production capability — gives us the unusual ability to take an idea from concept to nationwide rollout entirely in-house.

At a glance

Headquarters	Dhaka, Bangladesh
Group ventures	8 operating · 5 in development

Vision, Mission & Values

Vision

To be South Asia's most trusted integrated enterprise group — building products, media and services that improve everyday life and earn international respect for Bangladeshi craftsmanship.

Mission

- Deliver world-class technology and media to Bangladeshi clients and audiences.
- Operate every venture with full legal, ethical and editorial integrity.
- Invest continuously in our people, processes and platforms.
- Create durable economic value for clients, employees, partners and shareholders.

Core values

Integrity

We say what we mean, deliver what we promise, and disclose what we know.

Craft

We hold ourselves to international standards in engineering, journalism and design.

Responsibility

We weigh the social and editorial consequences of every public action.

Service

Clients, audiences and partners are the centre of every operating decision.

Innovation

We back disciplined experimentation, not slogans.

Corporate Structure

Yess Bangla Private Limited is the parent holding company. Each venture is operated as a focused business unit with its own brand, leadership, P&L and editorial or product roadmap, while sharing central finance, HR, legal, infrastructure and brand governance functions at group level.

Domain	Ventures	Function
Technology & Digital	Yess Soft · Yess Host · Shondhaan	Software engineering, web/mobile, ERP/CRM, cloud hosting, service marketplace
Media & News	Akash OTT · The Daily Akash · Akash TV (upcoming)	OTT streaming, digital newspaper, satellite TV (in development)
Commerce & Lifestyle	Yess Organic Haat · Yess Tourism (upcoming) · Yess Food (upcoming)	Organic marketplace, curated travel, F&B
Professional Services	Yess Legal Advice · Yess Event · Yess Model (upcoming)	Legal counsel, event management, talent agency

Business Verticals & Ventures

Each Yess Bangla venture is a stand-alone brand with its own clients, products and editorial or product roadmap. Together they form an integrated portfolio that can address almost any modern business or consumer need. Eight brands are live today; five more are in active development.

Yess Soft — Software & IT Solutions

Custom software, web and mobile applications, ERP, CRM and enterprise systems built for modern businesses across Bangladesh and beyond.

Shondhaan — On-Demand Home & Professional Services

Bangladesh's trusted on-demand services platform connecting vetted electricians, plumbers, technicians, cleaners and tutors with households and businesses — backed by service guarantees and instant digital booking.

Akash OTT — Streaming Platform

A multi-device streaming service offering on-demand entertainment, originals, live channels and curated catalogues for Bangladeshi audiences worldwide.

The Daily Akash — Digital Newspaper

An independent, digital-first national daily covering politics, business, sport, culture and technology with verified journalism and original reporting.

Yess Legal Advice — Legal & Business Counsel

Accessible legal advisory for individuals, startups and enterprises — company formation, contracts, compliance and dispute support from qualified counsel.

Yess Organic Haat — Organic Marketplace

A direct-to-consumer organic marketplace connecting verified Bangladeshi farmers with urban households through cold-chain logistics and quality assurance.

Yess Host — Hosting & Cloud Infrastructure

Managed shared, VPS, cloud and dedicated hosting with local data residency, 24/7 monitoring and enterprise-grade security.

Yess Event — Event Management

Full-service event production for corporate launches, conferences, broadcast events, weddings and government programmes.

Upcoming brands — in development

Akash TV — Satellite Television

A Bangla-language satellite channel in development, set to deliver news, entertainment, talk shows and cultural programming to millions of viewers.

Yess Tourism — Travel & Hospitality

Curated domestic and international travel packages with transparent pricing, guided experiences and doorstep service.

Yess Model — Modeling & Talent Agency

A talent agency representing models, presenters and creators across advertising, broadcast, fashion and digital campaigns.

Yess Food — Food & Beverage

An F&B brand bringing authentic Bangladeshi flavours to modern outlets and packaged formats, with rigorous quality and hygiene standards.

Yess All in One Solution — Integrated Business Solutions

A single point of contact for clients who want to combine multiple Yess Bangla services into a coordinated programme of work.

Capabilities & Service Lines

Software engineering

Custom enterprise software, ERP, CRM, e-commerce, fintech, EdTech and bespoke web/mobile apps.

On-demand services

Vetted home and business services, digital booking, service guarantees and workforce quality assurance.

Digital streaming

OTT platform engineering, content packaging, DRM, monetisation, multi-device playback and subscriber operations.

Editorial & journalism

National digital newsroom, investigative reporting, multimedia storytelling and editorial standards aligned with international press codes.

Cloud & infrastructure

Managed hosting, cloud architecture, DevOps, cybersecurity, SLA-backed monitoring and disaster recovery.

E-commerce & logistics

Direct-to-consumer marketplaces, supplier onboarding, cold-chain handling, last-mile delivery and digital payments.

Professional & legal services

Legal advisory, event production, talent management and integrated cross-venture programmes.

Brand, design & content

Identity systems, art direction, photography, video, motion graphics and integrated campaigns across earned and paid media.

Technology & Quality Standards

We engineer and operate to international standards. Our platforms are built on modern, supported technology with documented architecture, automated testing, code review and continuous deployment. Our broadcast and editorial operations follow internationally recognised codes for accuracy, fairness and source protection.

Engineering

- TypeScript / Node.js · React · Next.js · TanStack · Tailwind for product engineering.
- PostgreSQL · Redis · S3-compatible storage · serverless and container workloads.
- Cloud-native deployments on AWS, GCP and on-prem with infrastructure-as-code.
- Mandatory code review, unit + integration tests, accessibility (WCAG 2.2 AA) and Lighthouse performance budgets.
- Security: OWASP ASVS-aligned reviews, secrets management, RBAC and audited access logs.

Broadcast & editorial

- Editorial standards based on internationally recognised press codes.
- Two-source verification policy for original reporting; corrections issued transparently.
- Source protection, contributor safety and on-call legal review for sensitive stories.
- Broadcast technical standards: HD ingest, redundant playout, captioned content where required.

Operations

- Documented Standard Operating Procedures across finance, HR, IT and editorial.
- Quarterly internal review and continuous improvement cycle.
- Vendor due-diligence and KYC for all material counterparties.

Clients, Audience & Market Reach

Our clients and audiences span enterprise, government, SME, consumer and diaspora segments. The combined Yess Bangla ecosystem reaches Bangladeshi viewers, readers, shoppers and professionals every day, in every major division of the country and across the Bengali-speaking diaspora.

Segment	Examples	Engagement
Enterprise	Banks, telcos, manufacturers, conglomerates	Custom platforms, managed services, retainers
Government & NGO	Public agencies, development partners	RFP delivery, civic media, infrastructure
SME & startups	Growth-stage Bangladeshi businesses	Web, mobile, hosting, brand, content
Consumers	Urban and peri-urban households	OTT, news, organic groceries, on-demand services
Advertisers	Local and global brands	Digital media inventory across Akash OTT and The Daily Akash

Track Record & Milestones

Foundation

Yess Bangla Private Limited incorporated in Dhaka with a long-term vision of building an integrated Bangladeshi enterprise group.

Technology launch

Yess Soft and Yess Host established to deliver enterprise software and managed hosting to Bangladeshi clients.

Media expansion

Akash OTT streaming platform and The Daily Akash digital newspaper launched; Akash TV satellite channel enters development.

Commerce & lifestyle

Yess Organic Haat launched to bring verified organic products to urban households; Yess Tourism, Yess Food and Yess Model enter development.

Service network

Shondhaan, Yess Event and Yess Legal Advice rolled out to deliver on-demand services, events and legal counsel across Bangladesh.

Group consolidation

All ventures unified under a single brand governance framework with shared standards in finance, IT, legal and HR.

Corporate Social Responsibility

Yess Bangla treats responsible business as a core operating principle, not an afterthought. We invest a portion of group revenue into long-term programmes that strengthen the communities we serve.

Digital literacy

Free workshops and training material to help students, women entrepreneurs and small business owners adopt digital tools.

Public-interest journalism

The Daily Akash and Akash OTT commit column space and screen time to under-reported stories of national importance.

Farmer livelihoods

Yess Organic Haat works directly with smallholder farmers, paying transparent prices and investing in cold-chain training.

Workforce inclusion

Equal-opportunity recruitment, on-the-job training and pathways for fresh graduates from outside the capital.

Environment

Energy-efficient infrastructure, paperless operations and active reduction of single-use packaging across our supply chain.

Compliance, Governance & Confidentiality

Corporate governance

- Board of Directors with formally documented roles and meeting cadence.
- Annual statutory audit by an independent chartered accountancy firm.
- Conflict-of-interest, anti-bribery and gifts & hospitality policies.
- Whistleblower channel for confidential reporting of misconduct.

Regulatory compliance

- Registered with the Registrar of Joint Stock Companies and Firms (RJSC), Bangladesh.
- Tax-registered (TIN, VAT) and compliant with annual filing obligations.
- Broadcast operations follow the licensing and content rules of relevant national authorities.
- Editorial output adheres to the Press Council of Bangladesh code of conduct.

Data protection & confidentiality

- Documented information-security policy covering access, storage and incident response.
- Mutual NDA available for all client engagements; client data is not used for internal training without explicit consent.
- Right-of-correction and data-removal requests handled by a named Data Protection contact.

Leadership Team

The group is led by a small, accountable executive team supported by venture-level managing directors and functional heads across finance, operations, technology, editorial and brand.

Function	Responsibility
Board of Directors	Strategy, capital allocation, governance, risk oversight
Group Managing Director	Operating performance and cross-venture coordination
Chief Operating Officer	Day-to-day operations, SLAs, vendor management
Chief Technology Officer	Engineering standards, security, platform roadmap
Editor-in-Chief (Media)	Editorial integrity across Akash OTT and The Daily Akash
Head of Finance	Treasury, audit, statutory compliance
Head of People & Culture	Recruitment, training, welfare, diversity
Head of Brand & Communications	Group identity, PR, partnership marketing

Detailed CVs of named officers are available on request, subject to mutual NDA.

Why Choose Yess Bangla

One partner, many capabilities

Software, OTT, journalism, legal counsel, e-commerce, hosting, services and events under a single brand and contract framework.

Local depth, international standards

Deep Bangladeshi market knowledge combined with internationally recognised engineering, editorial and operational practices.

Accountable governance

Documented policies, statutory audit, named functional leads and a board that meets regularly.

End-to-end delivery

From discovery and architecture through build, launch, operation and continuous improvement — all in-house.

Long-term relationships

We design for durability — clients, employees and partners stay with us because we treat the relationship as the product.

Contact & Engagement

We welcome enquiries from enterprise clients, government and development partners, advertisers, investors and prospective employees. Initial discussions are confidential and obligation-free.
